What Types of Reporting Can I Expect?

Overall Website Traffic

We'll report your overall website traffic activity by month so you can see how our promotional tools are generating customer leads to your website.

Telephone Call Activity

Your ScoreCard shows the call activity generated from your website. Your unique telephone number routes directly to your business telephone.

Contact Form Tracking

View customer contact forms generated directly from your website. These are current and prospective customers contacting your business.

Clicks Tracking

Easily view all the traffic generated from your website promotional services including Internet Yellow Page Directories and Search Engines.
